

Evergreen Compliance Systems

Evergreen Compliance Systems LLC, led by Erin McKay, offers a range of services to assist oil and gas operators in meeting regulatory requirements and enhancing operational efficiency. Their offerings include:

- **Agency Audit Preparation:** Assisting clients in preparing for audits by regulatory bodies such as the Pipeline and Hazardous Materials Safety Administration (PHMSA) or the Alaska Department of Environmental Conservation (ADEC).
- **Program Development:** Creating and implementing programs tailored to clients' specific compliance needs.
- **Operations and Maintenance (O&M) Support:** Providing guidance on developing and maintaining effective O&M programs.
- **Operator Qualification:** Assisting in establishing and managing operator qualification programs to ensure personnel are properly trained and qualified.
- **Public Awareness and Damage Prevention:** Developing strategies to enhance public awareness and prevent damage to infrastructure.
- **Pipeline Safety Management Systems (PSMS):** Assisting in the development and implementation of PSMS to enhance safety performance.

With over 25 years of experience in compliance oversight roles within the pipeline industry, Erin McKay leads Evergreen Compliance Systems LLC in delivering these specialized services.
