

Executive Leadership Development

Optional Program Add-On: One-on-One Executive Coaching

Offered In Partnership with *Integrative Leadership Strategies*

To sustain momentum and translate strategic summit insights into lasting leadership impact, NGA Executive Leadership Development program participants have access to an optional add-on coaching program.

Designed specifically for Vice Presidents, Senior Vice Presidents, and C-suite leaders, this program extends learning beyond the summits to sharpen individual enterprise perspective and leadership effectiveness.

Key Results

- **Self-Awareness & Discernment:** Gain deeper insight into personal strengths, blind spots, and default leadership modes.
- **Enterprise Perspective:** Balance visionary strategy with operational execution while navigating complex, high-stakes environments.
- **Stakeholder Alignment & Trust:** Cultivate high-trust relationships, refine high-stakes communication, and build cross-utility consensus.
- **High-Performing Team Leadership:** Equip yourself with practical tools for decision-making, navigating difficult conversations, and problem-solving.

Program Deliverables

- **8 Live 1:1 Sessions:** Eight 60-minute virtual coaching sessions with an ICF-credentialed executive coach.
- **On-Demand Thought Partnership:** Unlimited text and email correspondence, plus ad hoc calls between sessions as needed.
- **Asynchronous Material Review:** Direct feedback on strategic presentations, board decks, sensitive email communications, and key messaging.
- **Targeted Resources & Accountability:** Relevant leadership tools, frameworks, and continuous accountability check-ins tailored to individual goals.
