

## Quality Integrated Services

Quality Integrated Services, Inc. (QIS) offers a range of business support services and personnel staffing solutions, primarily for the oil, gas, and telecommunications industries. Their key services include:

- **Pipeline Inspection Services:** Providing third-party oversight to ensure pipeline construction and maintenance meet industry standards.
- **Construction Management:** Offering project management and oversight to ensure construction projects are completed efficiently and safely.
- **Payroll Services:** Managing payroll functions to ensure timely and accurate compensation for personnel.
- **Temporary Workforce Staffing:** Supplying skilled workers for temporary assignments in various sectors.

With over 25 years of experience, QIS has established a reputation for professionalism and dedication across various projects.
