DISCLAIMER: While Northeast Gas Association, Inc., The Master Plumbers Council of the City of New York, Inc. and Utility Companies update this list regularly, they do not certify or guarantee its accuracy or completeness. Building owners are solely responsible for checking a plumbing technician's gas operator qualification card prior to the commencement of work to confirm that his or her qualifications are up to date and that the technician is actively employed by a Westchester County licensed master plumber. Building owners are able to scan the QR code on the gas qualification card with any QR code reader/scanner to view the technician's qualifications. The name of the plumbing company listed in the qualification should match the name of the plumber you have hired to do the work. QR readers are available as free applications to download on a smart phone or tablet. Building owners are also advised to go to the NYC Department of Buildings' website to confirm that a licensed plumber is active and insured. If you have any concerns that the person is not properly qualified, please contact us at impwoq@nycmpc.org
